

LABOUR BUSINESS

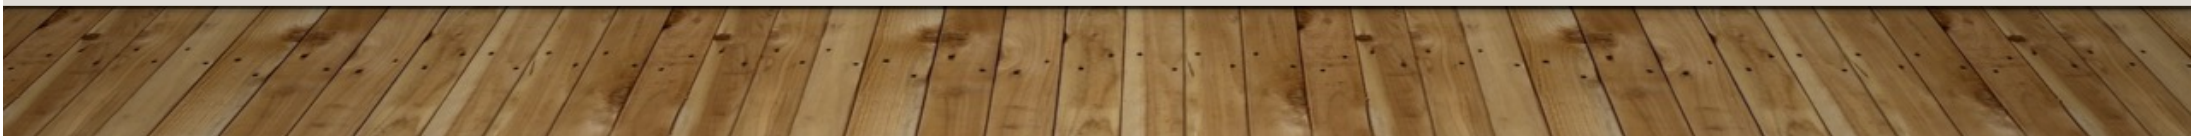

- A NEW PLATFORM FOR ENGAGEMENT

- THE LIVERPOOL KICK START 4.2.17

WHY ARE WE DOING THIS?

- Labour Business are here to spearhead ***Partners for a new kind of growth:***
- A partnership *with purpose* between government, business and the trades unions in laying the foundations for a more productive economy.
- Our mission is to reform capitalism, not to overthrow it.
- It is a narrative that is being co-created and developed jointly,
- We are seeking to demonstrate that Labour and business are delivering together, through the strength of our common endeavour.
- This starts with a period of active listening...

THE VISION FOR THE ENGAGEMENT SERIES

- The role of Labour Business role is to promote a constructive partnership between the Labour party and Business community. We believe that Labour's Labour social and economic goals can only be realised through a dynamic strategic partnership between government and business. We believe that an economy and society built on the principle of shared prosperity is in the long term interest of British Business.
